

**VEGAN**

## V-LABEL CERTIFICATION

### Vegan Certified Conveyor Belts

Chiorino continues to lead the way in Food & Packaging being the first belting manufacturer to have acquired the **prestigious V-Label Vegan certification**.

The V-Label certification is an international seal of **quality and safety** for labelling **vegan products**.

Thanks to this important recognition, Chiorino's premium food lines are compliant **with the vegan food production processes**, that require:

- NO use of animal origin substances at any production stage
- NO presence of non-vegan substances
- NO presence of genetically modified organism (GMO)
- NO animal testing

Chiorino's vegan V-Label certified belting solutions maintain the integrity of the vegan production lines, preserving food quality and safety.
